# How to Access Google Gemini from a VCCS Gmail Account

Google Gemini is a Generative Artificial Intelligence (GenAI) tool developed by Google. It is available for free within any VCCS Google account.
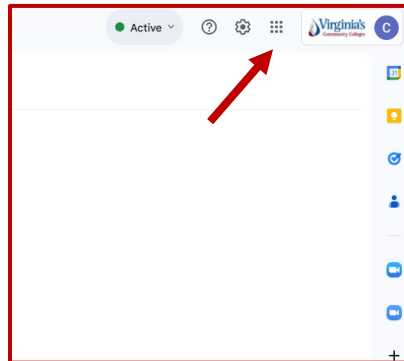

To access Google Gemini:

1. Login to your MyGCC account.

2. Select "Gmail."

3. Select the "waffle" icon in the top right corner.

4. Select "Gemini."

5. Begin using Google Gemini!

Visit the Academic Center for Excellence's Generative AI webpage for more information about

GenAI.
